## Nissens News 271 | April 2010

**Spring is approaching**, and as usual Nissens is ready to bring forward our latest new products.

To increase our position as the largest aftermarket manufacturer of radiators for Mercedes-Benz, we now present one more radiator in our programme for **Mercedes-Benz E-Class W212 09-**.

Moreover, Nissens now also offers condensers for **MINI 2007-**, and we have two new condensers for **Nissan Qashqai** ready on the shelf.

Last, but certainly not least, we are proud to present our intercooler for **Volvo S80 and Volvo S60**.

### Be the first on the market to get the latest arrivals from Nissens!

All products marked with the **First To Market** sign are recognized as the very first aftermarket manufactured part. We constantly develop our product range of unique items, thus allowing you to be the first to offer an independent aftermarket solution at a competitive price.

**Just look for the Nissens First To Market products.**
